How Thoughts Become Reality

VBDL is proud to welcome author, lecturer and narrator Mitch Horowitz (right) to the Antwerp Senior Center, Mattawan, Saturday, April 18.

Horowitz is a historian of alternative spirituality and one of today's most literate voices of esoterica, mysticism and the occult. He is widely credited with returning the term "New Age" to respectable use and is among the few occult writers whose work touches the bases of academic scholarship, national journalism, and subculture cred.

Doors for the program open at 12noon giving attendees the opportunity to enjoy appetizers from The Garden Griddle and visit with a variety of vendors, including Infuse Wellness, Core Strength and Pilates, Young Living Essential Oils, Mattawan Chiropractic, Chung's Martial Arts, Bronson Sports Medicine, and more.

Horowitz takes the stage at 1:00pm and talks about "How Thoughts Become Reality," the subtitle of his 2018 book, *The Miracle Club*. His other books include *Occult America* and *One Simple Idea*. Horowitz is a writer-in-residence at the New York Public Library and lecturer-in-residence at the Philosophical Research Society in Los Angeles.

In 2019, Horowitz received the Walden Award for Interfaith/Intercultural Understanding. His appearance is funded in part by The Fetzer Institute.

The event is free and open to the public. The Antwerp Senior Center is located at 24821 Front Avenue, Mattawan.
